

CALL FOR APPLICATIONS

FACULTY POSITION

Cinvestav

At the DEPARTMENT OF PHYSIOLOGY, BIOPHYSICS AND NEUROSCIENCE of the CENTER OF RESEARCH AND ADVANCED STUDIES in Mexico City for a research scientist in **Cellular Physiology, Neuroscience, or Systems Physiology**, broadly defined.

Candidates must fulfill the following requirements:

- 1) PhD degree in any area of the Biomedical Sciences.
- 2) Two years (minimum) of postdoctoral experience in a prestigious Institution.
- 3) A minimum of six publications in prestigious journals, with first or corresponding authorship in at least a third of them.
- 4) Three reference letters sent directly to Dr. Jorge Quevedo.
- 5) A 3-year research proposal (maximum ten pages).

Note: Preference will be given to young age. Female candidates are particularly encouraged to apply.

Candidates' desirable profile:

- 1) Publications in highly reputable journals.
- 2) Experience in obtaining research funding.
- 3) Teaching experience.

Successful candidates will:

- 1) Establish an independent research line.
- 2) Participate in our post-graduate teaching program.
- 3) Collaborate in academic-administrative duties.

The candidates should submit directly to Dr. Jorge Quevedo their application, CV, and proposal before **July 30, 2025**.

Selected candidates will be invited to present a seminar based on their current research and for an interview.
